Thoughts for helping Snacks move smoothly

- Check with previous month team to see what supplies are on hand
- Purchase, set up, maintain and tear down
- Coffee pot will be in the room – pls arrive early to fill and turn on if you plan to have coffee (building opens at 7am)
- At noon final day of class – after CPT Team Coaching – pls return to room to tear down, help put the room in order and stow things in the upstairs closet

Supplies on hand as of Jun 2012 – lots of coffee, and fixins, cups and paper goods
– also lots and lots of water 8-10 cases – should last well into the fall.
