Considerations

- A briefing, site visits, tours to showcase your organization's work and facilities ...
- Include what you see as relevant and important to communicate
- Inviting your SES / GO or senior leader to provide a short briefing
- Determine how many people you can accommodate and set up a sign up process so you know how many to expect.

Requirement

- Each organization hosts a visit – chooses a date – and promotes the visit to the cohort directly and to alumni through Paul DeBenedictis.
- All cohort participants attend at least four organizational visits
